

See What Our Clients Are Saying!

"We began working with The Kolb Team in 2012 who we found online (based on positive feedback). We flew down to Arizona in March 2012 to meet the team who we found very personable and immediately hit it off with them. They took us to a number of different developments to look at houses to determine our interests. Unfortunately we did not find the house during that trip, but we were able to narrow down the neighborhood to Oakwood in Sun Lakes. From that point there were many emails, phone calls, Skype calls, etc.

Although we live in Omaha, Nebraska, they made the experience seamless. After looking at many houses we finally found the perfect house and closed in March 2013. We were so comfortable with The Kolb Team that we made the offer and had a final contract without actually seeing the house. They worked so closely with us, that they knew exactly what we wanted and we "totally" trusted their taste and opinion and the house was perfect!

We truly appreciate The Kolb Team and are honored to not only call them our expert realtors, but our friends and neighbors. We would highly recommend them for your real estate needs."
