

See What Our Clients Are Saying!

"My husband and I had been looking on line for about a year to purchase a small second home in AZ. Over the course of the year I would email The Kolb Team with questions about different properties and the communities they were in. I exclusively used the Kolb Team website as I found it very user friendly and informative. They always emailed me back within minutes with an answer. When we finally found a home that we thought would work for us, I flew to Arizona, and they had several places lined up for me to preview. We wrote an offer that day and by the time I landed back in Seattle I had a message waiting for me that our offer had been accepted! I highly recommend the Kolb team to anyone looking to buy a home in the Sun lakes/Chandler area. They are by far the hardest working, dedicated, best negotiators and honest Realtors I've known."
