Wow, Kolb Team! What did we accomplish in less than a month's time? We bought a golf course house and with your help, listed and sold our Villa within 2 weeks of listing and it closed today...a quick short escrow! Being the nervous person I am, your team kept me calmed down, explained everything, kept us well up to date and were ALWAYS available even when on your trip! This team know this market so well, and are extremely professional at all times. When we needed you, you were there! But most importantly, you were there before we knew we needed you! Thanks to The Kolb Team, as we unpack and settle into our new home! We always recommend you to our friends and others.
